COMPUTER TUTOR™

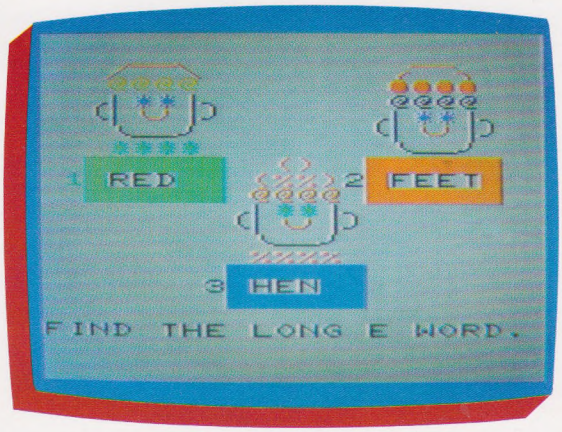
COMMODORE VIC 20 BASIC LEARNING SERIES

Produced by Kolob Marketing Corp.

THE BASIC LEARNING SERIES CONSISTS OF 5 ALBUMS, EACH CONTAINING 8 CASSETTE PROGRAMS. THE ENTIRE SERIES COVERS BASIC SKILLS IN LANGUAGE ARTS, MATH AND SOCIAL SCIENCE. FOR AGES 4-12.

New! Educational! Fun!

Computer Tutor™ is an ideal supplement to school instruction. For students who want to move ahead and improve their skills, Computer Tutor™ is the perfect answer.



Clown Vowels *Mastering basic English rules is made easier through colorful, absorbing computer graphics.*

The BASIC LEARNING SERIES helps to ensure that your child develops the essential skills necessary for advancement in today's world. Each cassette is carefully designed to reinforce correct responses through color, animation and sound.

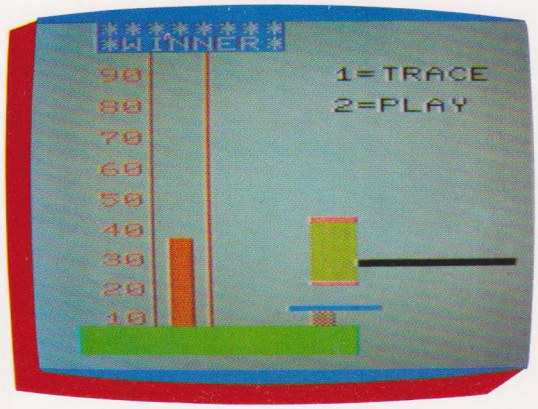
Chopper+ *Acquiring basic math skills can be exciting and challenging with Computer Tutor's skill-building programs.*

Computer Tutor™ is easy and fun to use. Your child will quickly acquire basic computer skills while learning with the "user-friendly" Computer Tutor.™

All programs run on the unexpanded Commodore VIC 20 computer

COMPUTER TUTOR™

Fresh! Colorful! Exciting!



ABC

Each time you correctly choose the word that comes first in alphabetical order, you come closer to ringing the winner's bell. The score is given after each response and is summarized at the end of the program.

Back to Basics!

PUNCTUATION

Your rocket sits on the rocket base and a sentence appears that is missing important punctuation marks. Make your rocket blast off by choosing the correct punctuation. The score is given at the end of each response.

40 Skill-Building Programs!

STATES AND CAPITALS

An American flag appears on the screen. Below the flag is the name of a state. The student types the name of its capital. If an incorrect response is given, the correct answer is shown. A cannon fires a salute for each correct response. All fifty states and capitals are included.
